Admission Criteria

Oxford Day Academy (ODA) is open to all students at the appropriate grade levels who wish to attend within the minimum and maximum age requirements specified in applicable law. ODA is open to all students without regard for the place of residence of students or parents within California except as provided in Education Code Section 47605(d)(2). If the number of students who wish to attend ODA exceeds the Charter School's capacity, admission to ODA, except for existing students, shall be determined by public random drawing in accordance with the preferences given in the next section.

The only admission requirement is that students wishing to attend ODA must follow the Charter School's admission procedures with respect to completing applications, and enrollment forms and documents by the announced deadlines. The open application deadline, which will normally be in the winter for admission the following August, shall be coordinated with local public schools to give students and their parents opportunity to consider the full range of educational opportunities available to them. Late applications for admission shall result in loss of opportunity for admission and enrollment preferences as listed below but reserved in the case that the waiting list is completely exhausted. Late return of enrollment packets following notification of admission shall result in loss of place on the admission priority list discussed below. Students may be placed at the end of the waiting list.

There is no admission testing or other evaluation required of any applicant. ODA Does not charge an application fee nor does it charge tuition [California Education Code Section 47605(d)(1)]. ODA will not require any monetary or other contribution as a condition for application, admission, enrollment, or participation in any of the Charter School's required educational activities.

ODA shall be nonsectarian in its admission and enrollment policies and shall not discriminate against any student on the basis of the characteristics listed in Education Code Section 220 (actual or perceived disability, gender, gender identity, gender expression, nationality, race or ethnicity, religion, sexual orientation, or any other characteristic that is contained in the definition of hate crimes set forth in Section 422.55 of the Penal Code or association with an individual who has any of the aforementioned characteristics). [Education Code Section 47605(d)(1)].

McKinney-Vento Homeless Assistance Act

Oxford Day Academy adheres to the provisions of the McKinney-Vento Homeless Assistance Act and ensure that each child of a homeless individual and each homeless youth has equal access to the same free, appropriate public education as provided to other children and youths. Oxford Day Academy will provide specific information, in its outreach materials, websites, at community meetings, open forums, and regional center meetings, that notifies parents that the school is open to enroll and provide services for all students and provides a District standard contact number for access to additional information regarding enrollment.

Public Random (Lottery) Drawing and Preferences

Applications will be accepted during a publicly advertised open application period each year for enrollment in the following school year. Following the open enrollment period each year, applications shall be counted to determine whether any grade level has received more applications than availability. If the number of students who wish to attend ODA exceeds the Charter School's capacity, attendance, except for existing students, shall be determined by a public random drawing for each grade level conducted in advance of each academic semester. In accordance with Education Code Section 47605(d)(2), preference in the public random drawing shall be provided in the following order of declining priority:

1. Children of ODA staff (not to exceed 10% of total enrollment)
2. Siblings of currently enrolled students
3. Students residing within the boundaries of the District
4. All other students who wish to attend the Charter School

Note that ODA hopes to reach all students—including at-risk students not typically reached by standard recruitment processes. ODA hopes to work closely with SUHSD, the Ravenswood City School District, and local service providers for at-risk youth to identify such students. ODA will use these referrals and recommendations to create targeted outreach for these at-risk youth; this strategy will ensure that more at-risk students from hard-to-reach backgrounds are entered into ODA's public lottery.

At the conclusion of the public random drawing, all students who were not granted admission due to capacity shall be given the option to put their name on a wait list according to their draw in the public random drawing. This wait list, called an admission priority list, will allow students the option of enrollment in the case of an opening during the current school year. In no circumstance will a waitlist carry over to the following school year. The order of admission of students at any time during the year shall be determined solely by the order of applicants on the admission priority list. ODA shall maintain a list of students interested in transferring to the Charter School. After the admission priority list has been exhausted, ODA will advertise if a space has become available and applications are being accepted in another open enrollment period. If more applicants than spaces are available, another public random drawing will be conducted for the open spaces in the manner described above.

Public random drawing rules, deadlines, dates and times for the random drawing will be communicated in the enrollment applications and on Oxford Day's Academy website. Public notice for the date and time of the public drawing will also be posted once the application deadline has passed. ODA will also inform parents of all applicants and all interested parties of the rules to be followed during the public random drawing process, location, date, and time via mail or email at least two weeks prior to the public random drawing date. An uninterested party will be charged with conducting the process, parents do not have to be present to participate.

Welcome Letter

Dear Students and Families,

Welcome to Oxford Day Academy (ODA)! We are excited to have you and your family join our ODA family. We have worked diligently to assure you walk into an academic environment that is rigorous, engaging, culturally relevant, responsive to your needs as a learner, and supports community engagement. We know that each one of you come with special gifts and talents and look forward to you contributing to a cornucopia of experiences at Oxford Day Academy. We believe students should be situated at the center of their learning. Thus, our academic model blends elements of the Oxford tutorial system, design thinking techniques, and cross-curricular project-based learning experiences to provide you with a truly rigorous and unique college preparatory experience while meeting A – G requirements and California Common Core state standards.

We are intentional in creating a multicultural environment that invites diversity, critical thought, and multiple perspectives. Therefore, we are determined to create an atmosphere where all members of ODA community feel safe, visible, intellectually challenged and valued. We recognize the importance of community and the role you can and will play in affecting positive change within your community while embracing the multiple cultures that make up who we are as a people.

We look forward to you joining us in making your time at ODA one of the most robust educational experiences you will partake. As a member of our community, we expect you to challenge yourself academically, culturally and socially. We expect you to actively engage the learning process. We expect you to be a change agent – however you may define that – and make a positive difference in the lives of those with whom you come into contact. We expect you to be a critical consumer of information and informed decision maker. Therefore, we expect you to initially feel uncomfortable with our new model while at the same time actively engaging in a learning process that puts you first, as a learner and a student.
